## Links for Life.

Links for Life is local non-profit . Our mission is to provide an organization to benefit persons affected by breast cancer; to challenge each women in the county to be aware of her breast health; and to educate the general public about screening & early detection of breast cancer. We provide mammograms for women who are currently uninsured or underinsured by a private health plan, and are under the age of 40. Our Missing Link Boutique which is a donation based boutique that empowers women with hair loss to regain self-respect and strength to deal with their current situation. Our Breast Cancer Support Group offers, encouragement, support, friendship, and information on resources throughout our community. We also have health breast seminars which help educate women on mammography and breast self-examination.

**Flyer must be presented  
at time of purchase**
